

Two years was a long time
To plan the Jubilee
You worked so very hard
Meeting with your committee.

September began with the Jubilee Jam
We had fun with the events
Then came October and Quality Month
Our Breakfast of Champions made lots of sense.

Homecoming was great in November
In December our first students were really fine
January was for visionaries and leaders
Boy, did you shine!

February events were at Fredd
You never missed a beat
March was so wonderful
Wasn't it sweet?

All these big days
You did the best that you could
Now help us celebrate
Yes, you were really good.
